TWO CENTS

FARM HANDS IN CLASS ONE GET EXEMPTED NOW

Deferred Classification To Be Allowed Those In Next Quota—Employers Must Make Affidavit To Prevent Drafting Of Help.

WASHINGTON, MARCH 20.—Farm hands listed in Class I, and within the next quota will be allowed deferred classification. Notices to this effect were mailed today by the United States employment service of the department of labor to farmers throughout the country.

Farmers will have to support their claims for deferred classification for their helpers with affidavits, executed with the local draft boards. Farmers who fail to heed this advice, the notice says, will have "no cause for complaint if their hands are taken from them at this critical time."

The senate was still entangled today in a bitter row over \$2.50 wheat. Three days have been consumed trying.

Local Phone Union Made

The consolidation of the two local telephone companies will take place within the next few months, the state Public Utilities Commission at Columbus having approved the plans for the merger Tuesday.

The petition, which contained no schedule of rates but simply asked that the consolidation be allowed, was submitted to the Commission several months ago. Both companies have been simply awaiting the decision, as they were powerless to complete the plans for the new company until a favorable answer had been received.

No time will be wasted in establishing one telephone system in Coshocton. An engineer is at present making investigations in regard to a site for the central office. It will probably take him about four days to complete his work. Whether the central office will be located in either of the present telephone offices or a new site will be chosen will depend on the engineer's report.

Unless some unforeseen obstacle arises to prevent it, one of the promoters of the company stated that the consolidation will be effected in four or five months.

J. L. Rue, president of the Citizens Telephone Co., will be the head of the new company. W. S. Crater, of Columbus, of the Central Union Telephone Co., will be secretary; L. P. Gallagher, of the Citizens, will be treasurer. The vice-president will be from the Central Union. The board of directors will be composed of three men from each company.

Asks Child's Custody And Maiden Name

Eita Myers has filed a petition for a divorce from Harry Myers, on charge of failure to provide. They were married November 14, 1915, in Newport, Ky., and have one child, Deloris Myers, aged 11 months.

The plaintiff asks for the custody of the child, allowance for its support and to be restored to her maiden name.

CLOTHES POUR IN FOR FRENCH AND BELGIANS

Receiving Station at the Park Hotel Open Each Afternoon.

NEED IS DESPERATE

The first two days of the campaign for clothing, bedding, etc., to be sent to the destitute Belgians and French unfortunate enough to be behind the German lines has been a gratifying success. Many donations have been left at the school buildings and this afternoon were transferred from these temporary receiving stations to the central receiving station in the Park Hotel building. Collections will be made daily the remainder of this week.

The generous hearted people of Coshocton are also reminded that the central receiving station is also open for these gifts (in case that is more conveniently located for them than a school building) each afternoon with Mr. D. D. Boyd in charge.

This campaign is not peculiar to Coshocton county; it is going on the country over; the Red Cross is standing behind it with the magnificent enthusiasm and splendid organization which is characterizing all of its war work.

The need is desperate—there are little babies over there in Belgium and northern France with nothing but rags to protect their tiny bodies, there are women who are suffering for what America, in spite of all she has given, can well spare.

The list of articles needed has been published in The Tribune. In going over your stores and making your selections remember, please, that while naturally you will not want to send anything ragged or soiled on such a mission of mercy it is not necessary that the garments be in perfect repair. The Belgian women will be glad to take those beautiful stitches. If you find nothing in your store which you consider suitable to send remember those babies and leave a few yards of cotton-garnet at the receiving station for them.

The campaign will last all this week; Coshocton county and that means every community in the county is urged not merely to do her bit but her best. These gifts are to the helpless victims of this awful war.

War Chest Committee Is Chosen

Chairman C. B. McCoy has selected the following committee to go over the data at Columbus relative to the war chest drive and decide upon the advisability of attempting such a drive in Coshocton county late in May: Messrs. C. B. McCoy, Fred S. Wallace, George M. Gray, E. M. Wimmer, T. L. Montgomery, Dr. E. C. Marquand, Conesville, and Dr. Hahn, Warsaw.

This committee will go to Columbus Friday morning at 6:49 and will spend the day going over the records of the Columbus drive. If it is deemed advisable to attempt a drive in Coshocton the committee, after deciding to attempt the drive, will fix the amount of the drive.

The first conference of the committee will be held with Mr. Gillette at nine o'clock Friday morning at the Deshler Hotel. The committee will report at a meeting to be called by the chairman after the matter has been decided upon.

HAS BARKEEP ARRESTED FOR AN ASSAULT

George (Bannan) Owens had Worthy Ringer, of the Barnes & Ringer Saloon, Fifth street, arrested on an assault charge, claiming that Ringer struck him while at work at the saloon. The trial will be held before Mayor Richardson Thursday evening at seven o'clock.

THIS PHOTO WILL CAUSE EXPLAINING IN HIGH LIFE

Daughter of St. Louis Brewer, Mrs. Reisinger, Poses With Spies.

SHE OFFERS LONG STORY IN DEFENSE

Is Greatly Horrified When She Learns What Bad Company She Kept.

(International News Service) NEW YORK, N. Y., MAR. 20.—The name of Mrs. Edna Reisinger, daughter of the late Adolphus Busch, of St. Louis, and widow of Hugo Reisinger, of New York, and Berlin was today brought into the case which resulted in the arrest of two titled men and two women and presidential orders for their deportation to Europe as alleged spies.

A photograph showing Mrs. Reisinger in a friendly pose with Count Robert de Chalmont, one of the four alleged spies, was the cause of her name being brought into the case.

The photo was taken in a Fifth avenue studio and is posed in the same manner as the published photo of the count and Miss Elizabeth Charlotte Six who has admitted receiving \$2,000 from former German Ambassador Von Bernstorff.

Is Greatly Shocked. Mrs. Reisinger seemed greatly perturbed when informed that a photo of herself and Count de Chalmont was in the hands of department of justice officials but she explained how she had met the count and how greatly astonished she had been to learn of his arrest and the charges against him.

"I was horrified to learn that Count de Chalmont had been arrested," said Mrs. Reisinger. "He was a charming man who enjoyed the highest connections. He was a close friend of General Radquet, a hero of the Marne, and introduced him to me last summer. The count was a close friend and associate of the Duke and Duchess de Richelieu and, of course, at my home he met many German Americans of the highest standing. Therefore, I am fully convinced the government has made a mistake in arresting him."

"I was at the photographers one afternoon having my picture taken when the count came in. He insisted on being taken with me and when I protested it did no good. He sat close beside me and said he would keep the picture always. Now I realize that it was an imprudent thing for me to permit."

The Mean Old Thing. "I liked the count very much and often went to dinner and to dances with him and he came to my home frequently. Now, I did not say anything to me about espionage and I never saw him again."

COLORED ORATOR WAXES ELOQUENT IN SUBLIME FERVOR OF PATRIOTISM

SOUTH BEND, IND., MAR. 20.—"All that I own, I owe to the civilization of my country. All I hope to be I owe to the flag above me. If America perishes I perish and if I am to rise I must rise with and not against that figure sublime in all the story of man—Lincoln."

The above significant statement was made last night in an address here to a colored audience by Roscoe Conkling Simmons, colored orator and patriot, and nephew of the late Booker T. Washington.

"The American white man drafted the declaration of independence," he continued. "He wrote the constitution of my country, the wonder document in the hope of honor. An American white man took a sword and wrote the proclamation that made me a man, and gave back into the keeping of liberty the promise of Sinai."

Simmons, who is a member of the National Association of Colored People, spoke for one hour and ten minutes, his address being a masterpiece of eloquence. He spoke of the struggle of the colored man for freedom and of the role of the colored man in the building of the nation. He spoke of the need for unity and of the power of the colored man when united.

BIG SHIPMENT OF RED CROSS GOODS IS SENT

Thousands of Pieces Are Turned Out by Women of County.

NEED PROPERTY BAGS

The following articles make up the latest shipment sent by the Coshocton County Red Cross to division headquarters in Cleveland.

Surgical dressings—750 abdominal bandages, 71 four tailed bandages, 65 many tailed bandages, 10 T bandages, 257 triangular bandages, 1449, 181 gauze compresses, 140 gauze rolls, 20 operating caps, 10 operating masks. Knitted goods—11 helmets, 100 pairs of socks, 18 sweaters, 12 pairs of wristlets, 1 hot water bottle cover, hospital supplies—2 quilts, 20 property bags, 1180 dish towels, 22 old linen towels, 460 hot water bottle covers, 195 pairs bed socks, 100 pairs bandage foot socks, 5 convalescent robes, 170 bed shirts, 115 bed jackets, 61 pairs of pajamas.

At least a dozen more property bags are needed to meet the apportionment for this county so if you have not yet made one of the gay little bags which can mean so much to the comfort of a soldier and ease to do so please get it in to county headquarters this week. The cost is trifling indeed compared with the pleasure it will give.

SET YOUR CLOCK FORWARD 1 HOUR MAR. 31 AT 2 A. M.

The colder daylight saving law scores a hit in Coshocton with all factories and business men. Local factories and business houses will set their clocks ahead an hour earlier at two o'clock on the morning of March 31 and start work at the same hour by the clock as before.

Members of the school board expressed their willingness to keep the same opening hour for the city schools after the clocks had been moved up an hour, if the parents of the pupils were willing that this should be done.

The purpose of the law is to regulate the men and women employed in the factories and other business places so that they may have an hour more of daylight to spend working in war gardens, and to conserve fuel. Sup. C. E. Bryant said that this would give the school children a splendid opportunity to plant war gardens and complete for the medals which the Peoples Bank are giving for the best war gardens.

JAPS SENT INTO AMUR TO PROTECT COUNTRYMEN

Bolshevik Outrages Reach Alarming Proportions in Northeastern Siberia.

JAP MERCHANTS ARM

By FRANK H. KING. (International News Service) TOKIO, MARCH 20.—Armed Japanese forces, composed of volunteers, have been sent into the Siberian province of Amur to protect the lives of Japanese residents from Bolshevik rioters.

It was stated in official circles today that the Bolshevik outrages in northeastern Siberia have increased especially since the all-Russian congress of Soviets ratified the separate peace with the central powers.

Following the clash between Bolshevik rioters and Japanese at Blagoveshchensk, Japanese merchants at that place armed themselves and organized for self protection. The outcome of the situation at Blagoveshchensk is unknown, but reinforcements of Japanese volunteers were ordered there from Tsitsihar.

Blagoveshchensk is the capital of Amur province and lies on the Amur River. It is the center of a gold mining district and has a population of about 35,000. Tsitsihar is in Manchuria near the Mongolian frontier. It lies on the Nonni river and is the capital of Tsitsihar province.

First report of the fighting at Blagoveshchensk said that more than 150 Japanese were killed but later reports said this figure was exaggerated and not more than one or two Japanese lost their lives.

ROY WAGGONER DIES TUESDAY

The death of Roy Waggoner, aged 61, a Baptist church member, occurred Tuesday at his home near Camp Hill, Pa. He had been in poor health for several months and the end was not unexpected.

Roy Waggoner was the son of Mr. W. Waggoner, who survived him. He was born in 1856 and lived in Camp Hill, Pa. He was a member of the Baptist church and was a prominent citizen of the community.

Before the time and father, a brother in law and the following sons: William Waggoner, who died in 1915; John Waggoner, who died in 1916; and Roy Waggoner, who died Tuesday.

Funeral services will be held at the home of the deceased, Mr. W. Waggoner, at Camp Hill, Pa., on Thursday at one o'clock. Rev. Mr. Sherman, of the Baptist church, will officiate. Burial will be in the cemetery at Camp Hill.

WILL IS FILED. The will of Anne Huffman was filed Wednesday in Probate Court. Her husband, Jacob Huffman, was named executor, and all her property was left to him.

(International News Service) MILWAUKEE, WIS., MARCH 20.—Latest returns in the senatorial primaries show that Irvine L. Lenroot and James Thompson are still running neck and neck for the Republican nomination. Owing to the slow count there is little change in the figures given out early today, but Joseph E. Davies, the administration candidate, undoubtedly has been nominated by the Democrats.

The county which includes Milwaukee gave Victor Berger, Socialist, an anti-war candidate, a lead of 3,000 votes over Davies.

The result of the Republican senatorial primaries in Wisconsin early today still remained in doubt. Late returns from this city showed that James Thompson, the LaFollette candidate, is cutting deep into the early lead piled up by Irvine L. Lenroot.

Forty-six precincts in the city gave James Thompson, the LaFollette candidate, a lead of 1,462 votes. If Thompson continues at this rate he will carry Milwaukee county by about five thousand and practically tie Lenroot's total, again putting the result in doubt.

With a strong lead from the northwestern counties, Lenroot was coming into the lake counties and to the Milwaukee river with a lead of from 5,000 to 10,000 votes.

WALTER PEPPE DIES AT HOME HERE TUESDAY

Walter Pepper, aged 60, died Tuesday afternoon at his home on Orchard street following an illness of two years from spinal trouble. Mr. Pepper and his family moved to this city from Conesville about four years ago. Before coming to Coshocton, Mr. Pepper conducted a restaurant in Conesville for several years.

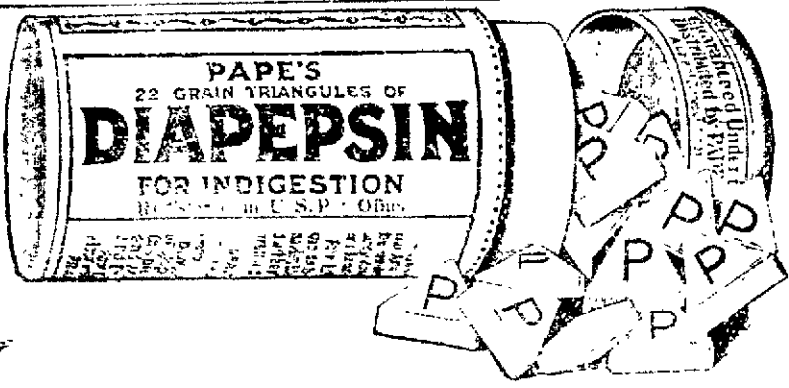

The wife, three sons, George Pepper, of North Third street, Roy Pepper, of New Philadelphia, and William Pepper, of Conesville, and two daughters, Mrs. A. Stott, of Adamsville, and Mrs. Samuel Chancy, of Water street; one brother, Alex. of Conesville; and two sisters, Mrs. Lawrence Cox and Mrs. John Conright, of Conesville, survive.

Funeral services will be held Thursday afternoon at 2:30 o'clock at the home of the deceased, Mr. W. Pepper, on Orchard street.

SOLDIER WILL BE BURIED AT ONE THURSDAY

The remains of James Birney, the young man in Co. F, 28th Engineers, who died at the base hospital at Camp Sherman Tuesday, were brought to this city Tuesday night. George Haight, still in charge, and burial will be made in the Waggoner cemetery, accompanied by the body to Coshocton.

Funeral services will be held at the home of the parents, Mr. and Mrs. Jonathan Birney, on Hay avenue, Thursday afternoon at one o'clock. Rev. C. Erwin, of the Foresters lodge will be in charge. Burial will be made in South Lawn cemetery.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

When your child suffers from a cold don't wait until the little stomach, liver and bowels are gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or get naturally at breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour and undigested food will gently move out of the bowels, and you have a well, playful child again.

If you, with coughs, sniffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "Fruit Laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

DESPODENT WOMEN

Nature intends every woman to be cheerful, bright, hearty and happy, but when dragged down with pain and suffering from female troubles, the cause of the trouble is a nervous, despondent condition. Hundreds of American women, however, have found that there is one true and permanent remedy to restore health under such circumstances, and that is Lydia E. Pinkham's Vegetable Compound, made from herbs and roots. This old-fashioned medicine is now considered the standard American remedy for such conditions.

FRANCE IMPLORES U. S. TO SEND MORE CEREALS

BALTIMORE, MAR. 20.—America's role which could be used for the most do more toward reducing the making of bread has been prohibited domestic exportation of cereals and this resulted in a decrease of 50 per cent in the number of barrels in France, declared Andre Tardieu, French high commissioner to the United States, in an address here tonight before the Southern Commercial Congress.

"You must do it because it is a case of necessity because it must be done," asserted M. Tardieu. "For these last three months the shipments of cereals from America to Europe have been short about one-third of the supply recognized as indispensable to strictly compressed needs."

Summing up some of the economies of food practiced in France to emphasize his request for more food from America M. Tardieu said:

"You are aware that the French nation has always lived mostly on wheat bread. Our per capita consumption was 700,000 tons per month. Our present consumption has been now reduced to 525,000 tons, a reduction of about 25 per cent."

"Of course, it was impossible to reduce to any great extent the bread ration of the soldier. That ration, which amounted in the first year of the war to about twenty-five ounces, has been progressively cut down to a little more than twenty-one ounces."

"But, on the other hand, as regards the civilian population, we had to establish the individual bread card, allowing only about ten ounces per day, which means barely the third part of the average daily bread consumption of the French peasant or workman before the war."

Blood All Out Of Order

Skin Eruptions Aches and Pains Indicate Uric Acid Weak Blood and Need of More Iron in the System.

Huntington Man Tells How He Was Relieved of Kidney and Blood Troubles

I guess it was kidney trouble that gave me those awful pains in my back. I suffered with great pains in that part of my body. My skin was covered with eruptions. My right leg would hurt me, too, at times and though different doctors and different remedies were tried, I would get so bad at times I could not straighten out. The breaking out on my face, back and shoulders were like measles and in this condition I could not walk or sleep sometimes. I learned Alva Swann, of Huntington, W. Va.

Huntington Man Said: "Try this natural medicine called Acid from Mineral. Mr. Swann and I took his advice and bought a bottle at the High School Pharmacy. It was not but a few days before I found myself improving and my pains all but gone. The breaking out on my skin and face began disappearing and I started feeling stout and hearty. Once more and today my back and kidneys give me no trouble and I feel such a whole lot better I can sincerely recommend it to any one suffering with such troubles, as I honestly believe it will cure them," continued Mr. Swann, who is well known around Machine shops in Huntington.

For years vegetable preparations have been generally recommended for stomach, kidney and blood troubles, but here is a natural compound made from ore taken from a medicinal mine found in Mississippi. This ore was located on a farm owned there. The owner was made sick almost overnight because, like the man who discovered radium, he had dug up an other phenomenon of Nature's and though chemist cannot imitate it successfully, the supply seems to be inexhaustible and the Ferrodine Chemical Corporation of Roanoke leased it for 99 years and in a big way is extracting the ore, compounding, filtering, concentrating and testing it and selling it under their "A-I-M" trade mark, which for thirty years has stood for quality and strength in medicine. Most stores sell it now or a 12-ounce bottle will be sent anywhere on receipt of one dollar. Just a few drops in a teaspoonful mixed in a glass or half glass of water makes a powerful dose.

"The people who have imposed such sacrifices on themselves are a people who kept fighting for almost four years—a people who have mobilized 7,000,000 men from a population which, excluding the invaded territories, does not exceed 35,000,000 inhabitants, a people who have seen and children have felt the burden of industrial and agricultural production. The people who joined the army, a people whose army lost more than 1,000,000 men in killed, more than 1,000,000 men in maimed—a people whose army, nevertheless, is still holding, with an unconquerable steadfastness, more than two-thirds of the western front."

"Within the last weeks, despite the restrictive measures I have stated, there have been in France agricultural districts which had for days to put up with a complete, absolute deprivation of bread—which could not do so without endangering the physical and mental health of the nation."

"I am aware of what you have done in order to reduce your domestic consumption and to increase your exports. But you must do more. You must do it, for it is a case of necessity. You must do it because it can be done. I beg of you to repeat again to your people what I have told you tonight."

"Ask all American citizens, standing unanimously for the national ideal determined by the president, in order to win the war, whether they do not deem that the time has come for new restrictions in consumption. Restrictions, however, strict they may be, are necessary in order that over there on that front, where your troops are beginning to fight, when the whole of the great American army will be in line, she will find unaltered the situation in which final victory depends."

"We, and our European allies, the British, the Italians, have been taught to suffer. Americans, who are now sharing out burden of blood and of death on the battle line, we are requesting you to share, as well, in the rear, our burden of suffering. In order that you and we win the war, it is necessary that you, here in America, should all agree to a new effort and to new privations."

PRICE FIXING COMMITTEE IS NAMED TUESDAY

(International News Service) WASHINGTON, MAR. 20.—The appointment of a price fixing committee to fix prices of all raw materials used by the government in its war preparations was announced by the council of national defense Tuesday.

The committee will be composed of the following: Robert S. Brookings, of the war industries board, chairman; Privately General Palmer H. Pierce, director general of supplies of the war department; Prof. Master John Hancock, bureau of supplies, and accounts, navy department.

ment. Dr. H. A. Garfield, to be administrator. P. W. Taussig, chairman, U. S. tariff commission. W. I. Harriss, director, federal trade commission. Hugh Frazer, secretary, industrial board. Leonard M. Lusk, executive. Another committee is to be named.

A statement issued tonight by the bureau of the commerce will be to pass upon all orders for a body raw materials and to limit them from time to time a price fixing policy to be submitted to the board for approval.

LOOSE GRAIN TO FILL SPACE AMONG BOXES ON BOARD SHIP

(International News Service) WASHINGTON, MAR. 20.—America's ingenuity has scored again in the race for ocean tonnage. A plan is now under way to use one ship's cargo space in every way by filling in the crevices between round cans and barrels in the ship's holds with beans, rice, coarse corn, horse feed, and even dried fruit. This has been worked out to the cubic inch by the bureau of standards by the department of commerce and in a report submitted to the war trade board, shipping, board and the food administration, Director Stettin shows that every ship loaded with civilian goods containers carries a 20 per cent load on its passage across the Atlantic.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial. For sale by Wimmer-Arnold Drug Co.

THE FIRST LESSON IN ECONOMICS

Capper's Weekly, one of the publications of Governor Capper, of Kansas, and devoted to the agricultural interests of that state, contained an editorial the other day on ways and means to meet the demands of the ever-increasing war tax.

This publication is especially devoted to the interests of the farmers of the Central West and has a great deal of influence with them. In the editorial referred to is this statement:

"We all know the land hog. It is the big owners of slacker acres who hold on to them from year to year as a speculation, while the labor of farmers and the needs of the consumer make these acres grow in value, that make it still harder for a tenant farmer to become a farm owner. An additional tax of one per cent on the selling price of unimproved land would net Uncle Sam about 100 million dollars. Why not have Congress declare such a tax and call it a Liberty tax?"

All gospel truth so far as it goes, but it doesn't go nearly far enough. True, there are bonanza farmers who own immense tracts of land and hold them out of use awaiting the inevitable community-created value, the "unearned increment" of the political economists. But the real land hogs are not in the country. They are in the cities of the world and their growing suburbs.

In principle, it is true the absentee landlord in the country is just as bad as his city prototype, but the difference is one of degree. The reason the average farmer is prejudiced against the land value tax of Henry George is because, first, he has no clear understanding of it and, second, he has been made to believe he is a land owner when, in truth, he is merely a LAND WORKER!

Nearly two-thirds of the land value of Massachusetts is confined within the few square miles of the city of Boston. The ten first cities of Ohio, with their comparatively few acres, comprise practically EIGHTY PER CENT OF THE LAND VALUES OF THE STATE.

Idle land always has and always will mean IDLE MEN. And idle men are the ruination of any country, especially a republic. True, there are no idle men in the world today, or there need be.

Growing Grass : : : BY WALT MASOY

The grass is showing bright and green, around my mansion stately: the smoothest grass I've ever seen, and I admire it greatly. For months I've cursed the sleet and snow that spread the landscape over, and wished the helpful grass would grow, the blooming grass and clover. I used to be awake at night, when arctic winds were blowing, and long, with all my man and might, to see the blue grass grow. And now it's growing strong and high, a veritable head-dress, and yet I heave a weary sigh, and in my soul there's motion. "You ought to have the mower sharpened, now we have springlike weather!" upon this theme my wife has harped for weary days together. Oh, when I missed the cold and snow, the mower was forgotten; and soon the grass I'd have to mow, a job that's truly rotten. The mower weighs a half a ton, and all its wheels are rusted; and any man who tried to run the trap would be disgusted. I'll have to push that rusty take-it-or-leave-it in the gloaming; at other times I'll ply the rake, the lawn's green whiskers combing. No rest for me and no repose, till winter, blessed season, comes back with blizzard bands of snows, and plain and fancy frosts. Oh, winter, winter, how I love thee! I lean up and whinny, when, by the fire, I hear you tell of a dance and a waltz and a spinney.

none, but ask any man, whether he be day laborer or small capitalist, such as the retail merchant or farmer, whether his net profits at the end of the year are any higher under our present abnormal war conditions than they were before the war? If not, then let him ask himself this question: WHERE DO THEY GO?

The trouble is that until economic rent goes to the public purse instead of into private purses, where it has no business, all the economic reforms in the world will do no good. And the trouble with the bulk of our people, whether in town or country, is that they refuse to spend the little time it would take to educate themselves on a new fundamental economic principles which are a remedy to an understanding of our economic ills.

Capper's Weekly, as quoted above, speaks of an additional one percent tax on the selling price of unimproved land. Why one percent? Why fix any definite percent? Why not let the community, not alone in war times, but at all times, take ALL of the community created value in all land, whether rural or urban?

That one fiscal step forward would constitute the greatest MORAL reform the world has ever known. AND UNTIL IT IS TAKEN WE WILL STRIVE IN VAIN TO SAVE THE MANY FROM THE EXPLOITATION OF THE FEW. SO LONG AS THE PRIVILEGED FEW ARE PERMITTED TO APPROPRIATE TO THEIR OWN PRIVATE USES THE WEALTH WHICH THE COMMUNITY ALONE CAN AND DOES CREATE, THEY CAN LAUGH AT ANY OTHER REFORM WHICH MAY BE PROPOSED.

And that is the first economic lesson which our people will have, to learn if we ever expect to achieve real democracy in America.

Stalling for time.

To give a snappy excuse.

And then you spin.

Some long winded yarn.

That gets worse.

NINNICH GETS DOWN TO WORK FOR BIG MATCH

Billy Ninnich returned late Tuesday evening from Zanesville where he was called before the district draft board for examination for military service and resumed intensive training Wednesday for his match at the Sixth Street Theatre next Tuesday evening with Al Hatt, Young Gorch, of Columbus.

Ninnich is again in good shape and said Wednesday that his shoulder no longer gives him any trouble. The remaining days before the big bout will be occupied in rounding the local middleweight into first-class condition. Ninnich realizes this is to be one of the fastest bouts of his career. Gorch is a lightninglike grappler of the same weight and equal experience with Ninnich, and is confident of putting the local man to the mat.

His challenge issued several weeks ago is fresh in the minds of local fans. In that det. Gorch said that if he could not put Ninnich down he would quit the game. Ninnich says Gorch is due to retire after Tuesday night if he keeps that attitude.

CREDIT MEN ASK THAT TAX MONEY BE TAKEN SLOWLY

CLEVELAND, O., MAR. 20.—Fearing that the sudden withdrawal of the money necessary to pay the income tax before June 15, will unsettle the finances of the country and in some

places even exhaust the resources of the banks, the credit men of Ohio, at their state convention, adopted a resolution asking congress to enact legislation providing for the payment of the tax in installments.

In this way, they point out, the money would be withdrawn from the banks gradually and so would not effect the banks so seriously. Serious disturbance of business is feared unless some way is found to pay the tax without the immediate withdrawal of such large sums from business channels.

Weak, Worn Out, Gassy, Sour Stomach Revived and Made to Enjoy Food With Stuart's Dyspepsia Tablets.

Most of us eat three times a day and often forget that each meal should be disposed of in the stomach to make room for the next. The failure of the stomach to do this is called indigestion or dyspepsia, with its sour risings, gas, rumblings, pains, depression and the feeling of stuffiness when breathing is difficult.

The most effective remedy and the most reliable one, because you can get it at any drug store in the United States or Canada, is Stuart's Dyspepsia Tablets, at 50 cents a box. Woman's Committee Defense Council Meets Saturday

There will be a meeting of the Coshocton county Woman's Committee of the Council of National Defense Saturday morning at 10 o'clock at the library. Mrs. C. B. Smith, county chairman, is anxious that every town-back to light for France.

The following announcement concerning the cooperation of Red Cross workers with the Woman's Committee is made by Mary C. Sanford, Director of Woman's Bureau, Lake Division of the Red Cross.

As director of the Woman's Bureau of the Red Cross for Ohio, Indiana, and Kentucky, I wish to take this opportunity to express my belief that every group of Red Cross workers should co-operate in every way with all the various activities of the Council of National Defense.

Altho nothing is of greater importance than preparing supplies for our soldiers and sailors, this work in no way interferes with the other work of the council. Faithful workers for the Red Cross have also a patriotic duty toward Food Conservation, the Welfare of Children at home, and the care of our own sick and destitute.

To coordinate the work of the Red Cross with all the activities of the Council of Defense, the State Director of the Red Cross was made a member of the State Council. Similarly, in all communities, the Chapter Director of

Woman's Work should be a member of the County or Town Committee of the Council of National Defense. In this way, duplication of War Relief work is avoided.

none, but ask any man, whether he be day laborer or small capitalist, such as the retail merchant or farmer, whether his net profits at the end of the year are any higher under our present abnormal war conditions than they were before the war? If not, then let him ask himself this question: WHERE DO THEY GO?

The trouble is that until economic rent goes to the public purse instead of into private purses, where it has no business, all the economic reforms in the world will do no good. And the trouble with the bulk of our people, whether in town or country, is that they refuse to spend the little time it would take to educate themselves on a few fundamental economic principles which are necessary to an understanding of our economic ills.

Capper's Weekly, as quoted above, speaks of an additional one percent tax on the selling price of unimproved land. Why one percent? Why fix any definite percent? Why not let the community, not alone in war times, but at all times, take ALL of the community created value in all land, whether rural or urban?

That one fiscal step forward would constitute the greatest MORAL reform the world has ever known. AND UNTIL IT IS TAKEN WE WILL STRIVE IN VAIN TO SAVE THE MANY FROM THE EXPLOITATION OF THE FEW. SO LONG AS THE PRIVILEGED FEW ARE PERMITTED TO APPROPRIATE TO THEIR OWN PRIVATE USES THE WEALTH WHICH THE COMMUNITY ALONE CAN AND DOES CREATE, THEY CAN LAUGH AT ANY OTHER REFORM WHICH MAY BE PROPOSED.

And that is the first economic lesson which our people will have to learn if we ever expect to achieve real democracy in America.

FACTS OVERDRAWN

LONDON, MAR. 20 — Reports of Japanese casualties in a clash with Russian Bolsheviks in Siberia last Thursday were greatly exaggerated, according to a despatch from a Chinese source today. According to the despatch not more than one or two Japanese were killed and several wounded.

A despatch printed in American newspapers on Saturday said that 150 Japanese had been slain by the Bolsheviks near Blagovetschenk.

NEW YORK, N. Y., MAR. 20.—I don't like to lie. I always get caught. But you know how it is. When you meet an old friend. And miss your dinner. And get home about 10 o'clock. And enter your igloo. All filled with icebergs. And your wife asks you. Where you've been. And you give a fake cough. And a fake yawn. Stalling for time. To give a snappy excuse. And then you spin. Some long winded yarn. That gets worse. As you go along. And ends in your blushing. And acting injured. Because she won't believe you. And when you've finished. All she says is "Oh!" And is very silent. And completely ignores you. And you creep around. Whistling off key. To keep up your courage. And the next morning. She is still giving you. The silent treatment. And you go to work. All full of gloom. And then you come home. And find her in a gay humour. And she runs up to you. And gives you a hug. And straightens your tie. And takes your coat and hat. And begins to tell you. All the news of the day. And you keep her talking. So she won't refer to. What happened last night. And she doesn't mention it. And after dinner. Your slippers are ready. And she bathes the dog. When you ought to do it. Well don't worry. There's nothing the matter. You are just being prepared. To be stung. For a new spring hat.

REGULAR FENCE BUSTERS

(International News Service)

NEW ORLEANS, LA., MAR. 20.—

There is going to be some fence busting in the American league this year, judging by the way the Cleveland Indians have acquired their batting line this early in the season. In a seven inning tie to five tie here yesterday 19 hits were recorded by the regulars and Yankees. The fielders are in good shape, it was shown, having but one error during the session.

NINNICH GETS DOWN TO WORK FOR BIG MATCH

Billy Ninnich returned late Tuesday evening from Zanesville where he was called before the district draft board for examination for military service and resumed intensive training Wednesday for his match at the Sixth Street Theatre next Tuesday evening with Al Haft, Young Goitch, of Columbus.

Ninnich is again in good shape and said Wednesday that his shoulder no longer gives him any trouble. The remaining days before the big bout will be occupied in rounding the local middleweight into first-class condition. Ninnich realizes this is to be one of the fastest bouts of his career. Goitch is a lightning-like grappler of the same weight and equal experience with Ninnich, and is confident of putting the local man to the mat. His challenge issued several weeks ago is fresh in the minds of local fans. In that deft Goitch said that if he could not put Ninnich down he would quit the game. Ninnich says Goitch is due to retire after Tuesday night if he keeps that attitude.

CREDIT MEN ASK THAT TAX MONEY BE TAKEN SLOWLY

CLEVELAND, O., MAR. 20.—Fearing that the sudden withdrawal of the money necessary to pay the income tax before June 15, will unsettle the finances of the country and in some

places even exhaust the resources of the banks, the credit men of Ohio, at their state convention, adopted a resolution asking congress to enact legislation providing for the payment of the tax in installments. In this way, they point out, the money would be withdrawn from the banks gradually and so would not effect the banks so seriously. Serious disturbance of business is feared unless some way is found to pay the tax without the immediate withdrawal of such large sums from business channels.

Aronhalt - Emig Wedding Event Of Wednesday

Miss Gertrude Aronhalt and Fred Emig were married at the Methodist Protestant parsonage, Wednesday morning at nine o'clock, Rev. A. B. Williams officiating. The bride is the daughter of Mrs. Eliza Aronhalt, of Kenilworth avenue and the groom a son of Philip Emig. They both are prominent and favorably known young people, Mr. Emig having conducted a dairy for the past several years. Mrs. Emig has been employed with the Timmons Glove Co. as inspector. Those who witnessed the wedding were Charles Emig, a brother of the groom, Miss Audrey Jennings and Miss Eloise Andrews.

The bride wore a becoming blue crepe de meteor dress, a tan coat and

Fills Stomach With New Energy

Weak, Worn Out, Gassy, Sour Stomach Revived and Made to Enjoy Food With Stuart's Dyspepsia Tablets.

Most of us eat three times a day and often forget that each meal should be disposed of in the stomach to make room for the next. The failure of the stomach to do this is called indigestion or dyspepsia, with its sour risings, gas, rumblings, pains, depression and the feeling of stuffiness when breathing is difficult.

The most effective remedy and the most reliable one, because you can get it at any drug store in the United States or Canada, is Stuart's Dyspepsia Tablets, at 50 cents a box. Instead of depriving yourself of food or going on a starvation diet simply keep on as you have and let these tablets straighten out your stomach, digest the food and keep you in the night.

Woman's Committee Defense Council Meets Saturday

There will be a meeting of the Coshocton county Woman's Committee of the Council of National Defense Saturday morning at 10 o'clock at the library. Mrs. C. B. Smith, county chairman, is anxious that every township in the county be represented. All township committees. All women interested in war work are eligible to attend the meeting.

The following announcement concerning the co-operation of Red Cross workers with the Woman's Committee is made by Mary C. Sanford, Director of the Woman's Bureau, Lake Division of the Red Cross.

As director of the Woman's Bureau of the Red Cross for Ohio, Indiana, and Kentucky, I wish to take this opportunity to express my belief that every group of Red Cross workers should co-operate in every way with all the various activities of the Woman's Committee of the Council of National Defense.

Altho nothing is of greater importance than preparing supplies for our soldiers and sailors, this work in no way interferes with the other work of the council. Faithful workers for the Red Cross have also a patriotic duty toward Food Conservation, the Welfare of Children at home, and the care of our own sick and destitute.

To coordinate the work of the Red Cross with all the activities of the Council of Defense, the State Director of the Red Cross was made a member of the State Council. Similarly, in all communities, the Chapter Director of

Woman's Work should be a member of the County or Town Committee of the Council of National Defense. In this way, duplication of War Relief work is avoided.

Mrs. Reisinger admitted having been by the court, but recently, she said, he told her she must have nothing further to do with Mrs. Nix.

Shortly after the United States entered the war government officers, in search of wireless plants here, discovered a plant in the home of Mrs. Reisinger. It was explained at the time that she knew nothing of the apparatus and that it had been installed by a father who was studying wireless telegraphy without her knowledge.

Housework Is A Burden

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Coshocton women. Read what Mrs. J. A. Denning, 633 Elm St., Coshocton, says: "When I have overworked, my kidneys have been affected and I have suffered from kidney trouble. At times I have had awful pains through my kidneys and across my loins, especially after doing a day's washing. I have been so bad at times that I could hardly get on my feet. I have tried all sorts and didn't have enough ambition to hardly move. Doan's Kidney Pills, procured from Foy's Drug Store, have always cured me of these attacks."

FOR TONIGHT'S
SERMON AT M.E.

"The Wisdom of God" will be the subject of tonight's service at the M.E. Church.

Two-day sermons in his sermon on "The Wisdom of God" in the M.E. Church. In the course of his sermon he said: "The happiness of an individual depends upon his choice of his further development of his thought. He said that no individual who breaks his church vows need expect to have power in his spiritual life. The text for the evening was from the portion of scripture relating the story of Christ before Pilate and in connection with the release of Barabbas. Mr. Wilson and "Evening Bible" had not reckoned on the power of determination of a wicked heart to have its own way. "The supreme question, after all, and Mr. Wilson is 'What will I do with Christ?'"

Church prayer meetings are being held this week in connection with the meetings. There was a meeting at 7:30 this morning at the home of Mr. Edward McDonald on Second street and there will be a prayer service Friday morning at a place to be announced at tonight's meeting.

PATRIOTIC PLAY
AT OAK GROVE

The patriotic play, "Claim Allowed," will be given at Oak Grove Grange hall on the evening of Friday, March 22, by the same people that gave it at Fresno some time ago.

This is one of the newest plays written and is a play dealing with the present war and present time conditions. Those who witnessed it at Fresno a few weeks ago pronounced it one of the best productions by local talent ever given in the community.

The following is the cast of characters: Mr. Laford, manufacturer of munitions; Mrs. Laford, his wife; Patria Lavengood, Dabney Laford, his patriotic son; Ernest Boyd, Ethel Laford, his daughter; Golda Lavengood, Lilian Carmen, Dabney's fiancée; Nello Boyd, Tom Bradley, Ethel's suitor; Arthur Cline, Mr. Metz, an American German; Clifford Renner, Mrs. Metz, his son's wife; Stella Wyley, Gieger, Sherman Metz, his grandson; Walter Boyd, Mary Metz, his granddaughter; Ruby Mizer, Mrs. Hohenzollern, a propagandist; Rosa Wyley, Deme Hohenzollern, her brother; Walter Amacher, Mrs. Thompson, of the Red Cross; Mrs. Geo. Wyley, Little Scout, Dong His But, Boyd Huff, Noh, a black bird; J. S. Moore.

The play is in four acts and the action starts on the country estate of Horace Laford near New York; from this the scene shifts to a farm home in Colorado, and in the third act the characters are back at the Laford estate. The scenes in the last act are a hospital scene behind the front lines at the gate of Berlin and in a room in Paris.

One More Chance
To Get This Big Aluminum
Cereal Cooker for One DollarTo Any Housewife
Who Missed It

Once more we make this offer, but for one week only.

A million homes have been supplied with the ideal Mother's Cookers. But countless new homes in the past year have adopted Mother's Oats.

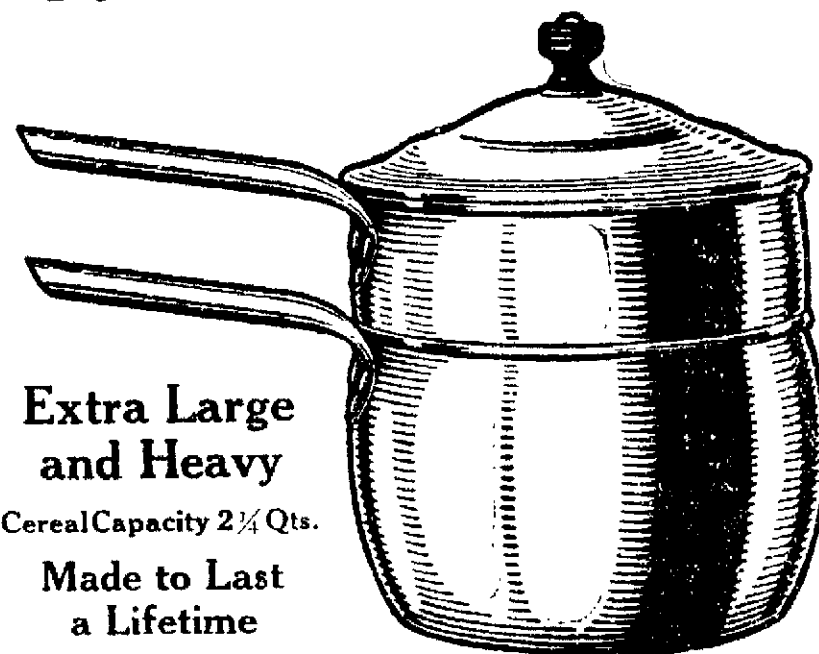

A wave of economy, plus wheatless meals, have multiplied oat-food users. And millions of them—to get this matchless flavor—are using Mother's Oats.

We want those new users to have Cookers too. So we repeat this remarkable offer.

The cost of aluminum has doubled. Cooker prices have enormously advanced. But we make new users the same offer that we made to old. We will send this big aluminum Cooker for only \$1, all charges prepaid, under offer made below.

This offer is for one week only. It applies only to those who have no Mother's Cooker now. If you are one of them we urge you to accept it.

A Million Homes
Supplied

We have supplied over a million users of Mother's Oats with an ideal way to cook them. The purpose is to have Mother's Oats cooked right.

Mother's Oats—flaked from queen grains only—has a wealth of flavor. Right cooking keeps that flavor intact. It makes the oat dish doubly delightful—makes it easy to digest.

So we had this Cooker made to our order—an ideal double cooker. It is extra large, so little or much can be cooked in it. It is extra heavy, made to last a lifetime.

That is the Cooker—made of pure aluminum—which we offer this week for one dollar, under the conditions below. If you are serving Mother's Oats, or if you will, we want you to have this Cooker.

\$1 Brings It This Week

Buy from your grocer five packages of Mother's Oats, or of Quaker Best Corn Meal, or five packages of the two combined. Send us your grocer's sales slip for the purchase and send \$1 with it. We will then send this cooker to you, all charges prepaid. This offer is good for one week only, and it applies to this vicinity alone. Address,

Mother's Oats
At 1/8 the Cost of Meat
Quaker Best Corn Meal
The Best 60% of the Corn

Mother's Oats, measured by food units, is twice as nutritious as round steak. It supplies nutrition at a cost of five cents per 1000 calories.

Meats, on the average, cost eight times as much for the same food value. Eggs cost ten times as much. You can serve six dishes of Mother's Oats for the cost of a single egg.

The oat stands supreme among grain foods, in nutrition and in flavor. It far exceeds wheat in food units.

It is the energy food and the food for growth. It supplies every needed element in just the right proportion. It should be your basic food.

Mother's Oats is flaked from queen grains only—just the big, rich, flavory oats. We get but ten pounds from a bushel. So in this brand you get a wondrous flavor without any extra price. All oat foods are doubly delightful if made with Mother's Oats.

SWEET FAMILY
ENTERTAINS AT
Y.W.C.O. MEETING

The entertainment given Tuesday evening by the "Sweet Family" at the meeting of the Young Women's Christian Association was indeed a most successful one. The program consisted of a number of "star" entertainers given by the artists who made up the company.

The "Sweet Family" quartet, consisting of their mother, were assisted in the successful rendition of their program by an orchestra which consisted of a number of "star" entertainers.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water, and rub it in. One or two teaspoons will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifid coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

LEWIS TOO GOOD FOR ZBYSKO WHO PURPOSELY FOULS

NEW YORK, N. Y., MAR. 20.—Wrestling fans here are pretty well satisfied today that Strangler Lewis is the master of Viadok Zbysko. Lewis used his head hold with effect in their match at Madison Square Garden and Zbysko, unable to keep out of it and constantly in trouble, deliberately lost on a foul to the stranger. The Pole missed Lewis with his head and struck him with the heel of his hand.

Baker Near A Bursting Hun Shell

By HENRY G. WALES
(C. N. S. Staff Correspondent)
WITH THE AMERICAN ARMY IN FRANCE, MARCH 19.—(Delayed)—Secretary Baker, on a visit to the American trenches had a thrilling experience on his return to the rear when a large German shell burst between thirty five and forty-five yards from his automobile.

While the secretary was at the front the Germans were throwing shells across "No Man's Land," so Mr. Baker got all the thrills of real warfare at first hand.

High in the air allied aeroplanes were flying about, the shells from German high angle guns bursting around them.

While on the Toul front Mr. Baker saw a number of Ohioans whom he knew. He stopped and chatted with some of them. Afterwards the secretary motored to a military hospital where Captain Archibald Roosevelt is lying wounded. The secretary congratulated Roosevelt upon his escape and upon the honor recently conferred upon him by France.

The trip to and from the front was made thru a district devastated by war.

Shell wrecked villages, shattered farm houses and forests torn to splinters by big shells gave Mr. Baker a picture of desolation wrought by the German's system of warfare.

In one village the secretary reviewed a number of American troops.

Mr. Baker was cordially received everywhere and was heartily cheered by the soldiers.

When in the first line trenches he wore a regulation steel helmet to protect him from shrapnel and shell splinters.

WITHIN THE LAW

Featuring... **Alice Joyce**
and **Harry Morey**

The best pair that ever acted in any picture. Occasionally somebody does a thing a little better than it was ever done before and we call it a success. After looking over this unusually strong picture masterpiece we think you will agree with us that "Within the Law" is truly a huge success.

JACKSON TAKES BROCK'S MEASURE

CLEVELAND, O., MAR. 20.—While Jackson, of New York, won from Matt Brock, Cleveland pitcher, in ten rounds here last night. The win was by a shade due largely to Jackson's clever ring work and speed. Vincent Pokorn, of Cleveland, won from John Downs, also of Cleveland, in ten rounds by a good margin, and Eddie O'Brien, of Boston, just got away with a verdict over Bobby Ward in ten rounds.

About two thousand people saw the fights. An appeal made to the crowd for the soldiers tobacco fund lost in about \$150.

THOMPSON

(Continued From Page One)

The Democratic counties proved the big surprise most of them going to Thompson by more than two to one. Lenroot supporters early today claimed that he would have enough votes to wipe out the big lead given Thompson in the east and southern counties. Little has been heard from the so-called German counties bordering Lake Michigan where Thompson was expected to pull a heavy vote.

It is confidently predicted by the backers of Congress that Lenroot has won the nomination, but the deeply involved local fights, with dozens of candidates, are reducing the count.

Victor Berger, lone Socialist candidate, has wrecked Thompson outside of Milwaukee by polling an unprecedented total of Socialist votes that may be greater than 15,000.

"On a 100 per cent anti-war issue," Berger said today, "I have ruined Thompson posing as a fifty-fifty candidate as between LaFollette and LaFollette's enemies."

The preliminary figures from scattering city precincts tend to show that the German vote marched solidly to the polls and voted for Berger on a sharp anti-war platform.

The city of Madison, LaFollette's home, complete, gave Lenroot 2,264; Thompson 2,004; LaFollette's precinct gave Lenroot 85, Thompson 43.

The Democratic primary resulted in a landslide for Joseph E. Davies, former secretary of the Democratic National Committee and until last week a member of the federal trade commission.

Davies unquestionably has defeated Dr. Chas. McCarthy by five to one vote.

There are no reports from 15 of the 31 counties. Bad roads and wrecked telegraph and telephone systems have held back anything that resembles complete figures.

The pro-Lenroot estimate of at least five thousand plurality outside of Milwaukee comes thru friendly sources to Mr. Lenroot and is based upon returns from the larger cities and villages. The final result may be different.

pend entirely upon an official count. The only political fact that seemed to meet general agreement in view of the hair-raising finish is that if Thompson wins the Republican nomination it has been by such a narrow margin that there is not the slightest chance he can be elected April 2.

Experienced politicians say even on the face of returns that are in, 24, and possibly 48 hours must elapse before the nation knows definitely whether Lenroot or Thompson is the winner.

WASHINGTON, MAR. 20.—The apparent success of James Thompson, the LaFollette candidate, at the Wisconsin Republican senatorial primaries, proved a distinct disappointment and not a little of a surprise and shock to the administrations today. From many quarters there has been given assurances that the Republican voters would sharply demonstrate that the Wisconsin electorate does not subscribe to the attitude of Senator LaFollette toward the war. Accordingly the comparatively weak showing made by Representative Lenroot who has supported the administration war policies against the candidate endorsed by Senator LaFollette proved a great surprise. Some still hoped, however,

that final returns would make Lenroot winner.

The overwhelming victory of former Federal Trade Commissioner Joseph E. Davies, in the Democratic primaries served as some solace to administration supporters and there were prompt indications that a tremendous effort would be made to elect him over his Republican opponent at the April election.

Seizure Of Dutch Ships Now At Hand

(International News Service)
WASHINGTON, MARCH 20.—Holland's reply to the ultimatum served by England and the United States reached the state department today. Its contents were not revealed, but there was every indication that it was unsatisfactory and that the seizure of all Dutch shipping lying in American ports was really at hand after two days of waiting by this government.

At the port of New York alone there are five thousand American blue jackets ready to go aboard the Dutch ships lying there when the word is given, it was learned today.

FARM HANDS

ing to bring the question to a vote. In the face of administration opposition, Senator Gore, of Oklahoma, chairman of the agriculture committee, has moved to suspend the senate rules to make in order and amendment to the agricultural bill raising the maximum price of wheat \$2.50 per bushel.

The motion has brought up the whole question of price fixing. Many senators, anxious to do everything possible to increase wheat production, have nevertheless taken a stand against the Gore amendment on the ground that it will not bring the results desired and will merely be a stepping stone to still higher prices.

The debate has revealed an increasing sentiment in congress against government tampering with prices.

Maxine Elliott Stars In First Cinema Play

In the big motion picture production, "Fighting Odds," written by Roi Cooper Megrue and Irvin S. Cobb, which is presented as the attraction at the Mystic tonight and Thursday, Goldwyn Pictures has brought back to American audiences the international favorite and famed beauty, Maxine Elliott, who is making her first appearance as a screen star.

Maxine Elliott has not been seen on the stage in several years. In resuming dramatic work as a star in motion pictures she has been appropriately equipped with a role which makes demands upon her emotional talents. In emotional possibilities it surpasses anything she has hitherto attempted.

"Fighting Odds" tells a story of big business ventures in the automobile industry. Miss Elliott is seen as the wife of a millionaire manufacturer, a beautiful and loyal woman who, by her wit and her loveliness, brings his powerful enemies to account.
